

Babyface, You Are The Man

Written by babyface (1997)

Performed by en vogue

Nobody touches my heart like you do
I swear I'm just hopelessly fatal for you
'cause I can't go through a day without
Thinkin' bout kissin' you places all over
All over your body and your body all over me

You, you are the man I want
There is no other love
You give me what I need
You are the only man for me

You can see it in my eyes how much I'm feelin' you
There's nobody else in this world I would do, I would do

Cause you will, you will go places
That I'm not usually tasted
And it just makes me go crazy
And I can't deny I'm obsessed over you

Hook

'cause you
Long time ago stole my heart
You broke me down from the start
And nothin' has changed since the first day
That we made sweet love

Hook 2 times

For me
