

# Babylon A D, Bang Go The Bells

Babylon A D  
Miscellaneous  
Bang Go The Bells  
Bang go the bells Babylon A.D.

Everytime you lick my hand  
my heart begins to kick  
towards the fire we start to dance  
burning with each kiss  
Tears like a virgin,  
the first time from your eyes  
you turn out to be  
all I desire

CHORUS:  
when i want love, i call on you  
when i want love, i run to you  
you're something more than a sweet romance  
I just get one taste of you  
bang go the bells

Your dreams have become as mine,  
mine have become yours  
like two ships we sail the night  
down to the distant shore  
eyes of blue, velvet touch  
she's got what i want  
'round and round on the wheels of love  
drivin me right outta control

CHORUS  
and all is well  
when i look in those eyes  
bang go the bells  
yeah you got something baby  
I just can't deny, bang go the bells

## GUITAR SOLO

when i want love, i call on you  
when i want want love, i run to you

bang go the bells  
yeah you got something baby
