

BABYMETAL, RATATATA - feat. Electric Callboy

Every night when the sky turns red up above
I feel the beat in my veins
And I'm searching for love
You know that hips don't lie
I leave you hypnotized
Just give me one more try
To make you feel that vibe
And it goes

Ra ta ta ta ta ta!
My body is a weapon
Ra ta ta ta ta ta!
We're gonna hit the floor
Ra ta ta ta ta ta!
We're gonna make it happen
Ra ta ta ta ta ta!
Now gimme some more

I will push it to the limit
And everybody's feeling the sound of the night
I don't wanna stop
We push it to the limit
Together we will crash the morning light
