

Babyshambles, Animal Nitrate (Suede cover)

Like his dad you know that he's had
Animal nitrate in mind
Oh in your council home he jumped on your bones
Now you're taking it time after time
Oh it turns you on, on, on, now he has gone
Oh what turns you on, on, on, now your animal's gone
Well he said he'd show you his bed
And the delights of his chemical smile
So in your broken home he broke all of your bones
Now you're taking it time after time
Oh it turns you on, on, on, now he has gone
Oh what turns you on, on, on, now yor animal's gone
What does it take to turn you on, on
Now he has gone
Now you're over 21
Now your animal's gone
Animal, he was animal, an animal
