

# Babyshambles, The Blinding

Come and see the blinding, it's so blinding  
It's the last thing that you'll ever see  
But you might be happy oh, happier  
Than you've ever been  
So let me show the blinding  
Last thing you'll ever see  
But you might be free, oh, freer  
Freer than you've ever been  
What will you do  
If she runs out of time for you?  
Where will you go?  
Well, things to be getting on with  
On with, on with, on with the show  
Come and see the blinding, it's so blinding, it's so blinding  
It's the last thing that you'll ever see  
Let me show the blinding, it's so blinding, it's so blinding  
It's the last thing that you'll ever see  
Oh, what will you do  
If they run out of time for you?  
And crossing the roads without you  
Out you, out you go  
Out you go, out you go  
It's so blinding, it's so blinding  
It's so blinding, it's so blinding  
It's so blinding, means so blinding  
It's the last thing that you'll ever see  
Last thing you'll ever see
