

Baccara, For You

For you, for only you
Id like to do so much Id need a lifetime.
Time and space will end dear
And then surrender to me for you.

With you, with only you
You know its true I wont survive without you.
When Im on my own some
I feel so lonesome and long for you.

(Refrain):
Maybe Im only a little lonely,
Maybe Im yearning too much for your touch.
Maybe Im mental, so sentimental,
Maybe illusions, confusions of love.

For me, for only me
Youll always be the one I owe my dreams to.
Ill be always there for
And always care for, only for you.
