

# Bachelor Girl, This Must Be Love (like It Or Not)

Bachelor Girl  
Breaking Through From Down Under  
This Must Be Love (like It Or Not)  
What does it mean  
What does it mean  
When you use my toothbrush  
What does it mean  
What does it mean  
When i pay for lunch with you  
All day all night all week and still  
It don't seem like too much  
I wear your sweaters  
And you wear my shoes

What does it mean  
What does it mean  
When you do my laundry  
How come it's ok that  
You use your key to my front door  
You steal the blankets while we sleep  
I steal your last beer  
But i guess that we ain't keeping score

This must be love  
Cos what else could make us  
Act the way we do  
Just think it through  
This must be love  
I don't think anything else could be to blame  
This must be love  
O-o-oh  
Like it or not

Cos what else could it mean  
What could it mean  
You drinks my dregs of coffee  
How come it's ok when i buy you stuff with your credit card  
All day all week all month and still  
It don't seem like too much  
To spend a year with you won't be to hard

Chorus

What does it mean  
What does it mean  
Your wallet holds my photo  
How come each place i go seems  
So much better if your there  
We light up candles, stay up late  
Always hate to go  
I guess there's no chance we don't really care

Choruses out
