

# Bachelor Girl, Waiting For The Day

It's a sad day  
But some good will come of it I guess  
And maybe it'll be for the best  
As you walk away I know  
I gotta let you go

It's not easy  
Watching something you cherish fade  
But it's the only choice that I can make  
You wanna be somewhere else I know  
I gotta let you go

Oooh  
I gotta let you go  
Oooh  
I gotta let you go

It's OK  
There's really nothing you can say  
I don't hate you that it's gone this way  
Some things just ain't meant to be  
(So) I gotta let you go

I still can't figure why  
joy can erase in the blink of an eye  
You no longer need me  
just when I let you belong in my life

We had something but whatever it was has gone  
And I gotta let you go  
So don't stay here when you wanna move on  
I gotta let you go
