

Bachman-Turner Overdrive, Easy Groove

Oh, when you feel like dancin' but you're all shook out
We have found the answer, turn yourself about
Find yourself some people to stand out in line
Join the ends together and now you're doin' fine
Keep it smooth with an easy groove
Keep it smooth, ooh, with an easy groove, so easy
Dance it in a circle, shake your heads around
Turn it counterclockwise, put your hands up and down
Now you don't need to hustle when you want to move
So take some time, relax your mind and do the easy groove
And keep it smooth, easy groove
Ooh, keep it smooth with an easy groove, so easy
Oh, when you're feeling mellow, life is in a spin
We have found the answer, let something new begin
Get aboard the dance train, we're gonna take a ride
It's time to go in even flow and leave your cares outside
Keep it smooth with an easy groove
Keep it smooth, oh, with an easy groove, it's easy
Dance it in a circle, shake your heads around
Turn it counterclockwise, put your hands up and down
You don't need to hustle when you want to move
So take some time, relax your mind and do the easy groove
With an easy groove
Ooh, keep it smooth, oh, with an easy groove
Easy groove, so easy
Easy groove, keep it smooth, easy groove
