

Bachman-Turner Overdrive, Rock N' Roll Nights

I tried, you've got to realize
The way I'm torn apart inside
They're calling me now
I've changed, there's something rearranged
Sounds so sweet, I can't explain
Calling me now

Rockin' all day and rollin' all night
Smile for the ladies, make it nice
I may go crazy but I'll be alright
It's those rock and roll nights
Rock and roll nights, rock and roll nights

Life's so long and get's so tough
For you play the game but it ain't enough
Really don't give a damn if you survive
Lot of love or lot of luck
Don't you shine on me, I've had enough
Only rock and roll can keep this boy alive

Chorus

Chorus

Rock and roll nights
Feelin' alright
Rock and roll nights
Feelin' alright
Oh oh oh
Rock and roll nights
Feelin' alright
Rock and roll nights
Rock and roll nights
Rock and roll nights
