

# Bachman-Turner Overdrive, Sledgehammer

For days I have tried to forget you  
And not care where you are  
No matter where you are  
But rainbows are not made from memories  
I got to try to find  
A way to ease my mind  
You're like a sledgehammer  
You keep hittin' on my mind  
You're like a sledgehammer, baby  
You've been hittin' from behind  
You're like a sledgehammer  
You've been sneakin' all the time, wow  
You're like a sledgehammer, baby  
You've been hittin' on my mind  
For nights I have gone without sleepin'  
I wonder where you are  
I wonder where you are  
But I must build my castle with daydreams  
And watch 'em fade away  
Watch 'em fade away  
You're like a sledgehammer  
You've been hittin' on my mind  
You're like a sledgehammer, baby  
Always hitting from behind  
You're like a sledgehammer, baby  
You've been sneakin' all the time, wow  
You're like a sledgehammer, baby  
Always hitting on my mind, mind, mind  
You're like a sledgehammer, baby  
Always hitting on my mind, woh  
You're like a sledgehammer, baby  
You've been hitting from behind
