

# Bachman-Turner Overdrive, Take It Like a Man

Only three stops to make in Alabama  
Everyone a one night stand  
Workin' for a man down South Louisiana  
'Cause Z Z ain't his only band  
Business has been good or bad  
But sittin' here will drive me mad  
And I'm gonna get back where they want me  
Get back where they want me  
Get back where they want me  
Make a stand, I'm gonna take it like a man  
Met a stray woman I think it was in Texas  
She was made for those who'd pay  
Gotta little drunk and raised a mild ruckus  
The city said, "I could not stay";  
I guess I'm gonna have to change  
Until my life is rearranged

You know I'm gonna get back where they want me  
Get back where they want me  
Get back where they want me  
Make a stand, I'm gonna take it like a man  
I guess I'm gonna have to change  
Until this life is rearranged  
I'm gonna get back where they want me  
Get back where they want me  
Get back where they want me  
Make a stand, I'm gonna take it like a man  
Take it like a man yeah  
I'm gonna take it like a man  
I'm gonna take it like a man yeah
