

# Backfire!, Don't Stay

don't stay  
don't like where you stand then move  
don't like being here then choose  
to leave this place just walk away  
don't like where you are don't stay  
don't stay  
don't stay  
don't stay  
don't stay  
don't stay  
complain about the friends you've got  
don't like them then why not  
just move ahead and don't look back  
away from the problem you attract  
don't stay  
don't stay  
don't stay
