

Backseat Goodbye, Dreaming At The Top Of You

so this is it
you called for a comeback
all you got was a sad reply
and two years worth of worry
so this is... it
we're out of time
so this is it
so this is...

you can't look back
it's too late for a consequence
forget everything
forget everyone
'cause this is it
we're out of time
no more common sense
no more daylight

dreaming at the top of your lungs
keep dreaming at the top of your lungs
dreaming at the top of your lungs
dreaming at the top of your lungs
