

Backstreet Boys, If I Don't Have You

Every day, girl
I wake up and pray
That you'll come back home
And don't take too long
'Cause since you've been gone
Everything's gone a bit wrong
I wish you were here
Holding me near
You know I'd go out of my mind
If you ever left my heart behind
So I'm begging you, please
Bring your sweet love back to me
If I don't have you
To hold on to
I can't go on in this world alone
Baby, it's true
If you said goodbye
Girl, I would die
I'm a star with no light
A day with no night
If I don't have have you
Late at night I reach to hold you tight
But you're not there, I know you still care
And oh, how I miss your soft, tender, lovely kiss
You give to me so tenderly
We used to feel that time would stand still
When I see you baby it will
So hurry, honey
You know, your man needs you so
If I don't have you
To hold on to
I can't go on in this world alone
Baby, it's true
If you said goodbye
Girl, I would die
I'm a star with no light
A day with no night
If I don't have you
If I don't have you
To hold on to
I can't go on in this world alone
Baby, it's true
If you said goodbye
Girl, I would die
I'm a star with no light
A day with no night
If I don't have have you
You know I'll go crazy without you
If I don't have you
To hold on to
I can't go on in this world alone
Baby, it's true
If you said goodbye
Girl, I would die
I'm a star with no light
A day with no night
If I don't have have you
