

Backstreet Boys, Love To Love

Feels so good, when ya love me like you should
I'd stay forever here with you, if i knew that i could
I know inside, got my heart open wide
I want them all to see you and me, we're together side by side
Crazy, you made me over you, girl it's true
Love to love the way that you love me
You're such a part of me i feel, i can see that it's real to me
And whatever it might be, as long as you love me
I'll still be in love, love to love the love
Can't get enough, of all i can't ???
You've been on my mind all the time, baby girl ya give me love
Please don't change and subject me to such pain
Couldn't do what i do if i live without you, i would never be the
same
Crazy, you made me over you, girl it's true cause i
Love to love the way that you love me
You're such a part of me i feel, i can see that it's real to me
And whatever it might be, as long as you love me
I'll still be in love, love to love the love
Baby, there's one thing you should know
You had me when you said hello
No, i'll never let you go, no ooo
Love to love the way that you love me
You're such a part of me i feel, i can see that it's real to me
And whatever it might be, as long as you love me
I'll still be in love, love to love the love
Love to love the way that you love me
You're such a part of me i feel, i can see that it's real to me
And whatever it might be, as long as you love me
I'll still be in love, love to love the love
