

# Backstreet Boys, Masquerade

This scenes so hypnotic  
Smoking mirrors, lights and magic  
Paper faces in gold  
There's solider boys, beauty queens  
Everyone's a mystery  
It's got me losing control  
Yearning, I'm yearning for the one to steal my eyes  
Wanna play in this game of disguise  
It's a masquerade, a love parade  
So won't you stay  
And dance with me all through the night, I'll stay  
My masquerade, I need you baby  
So stay with me tonight  
Masquerade, Masquerade, Masquerade, Masquerade  
Masquerade, Masquerade, Masquerade, Masquerade  
Just like a perfect dream  
I don't ever wanna leave  
A thousand freaks in the show  
One's a tiger, one's a lynx  
One's a king that suffering  
Moving high, moving low  
Burning, I'm burning, can't you see it in my eyes?  
Wanna play in this game of disguise  
It's a masquerade, a love parade  
So won't you stay  
And dance with me all through the night, I'll stay  
My masquerade, I need you baby  
So stay with me tonight  
Masquerade, Masquerade, Masquerade, Masquerade  
Masquerade, Masquerade, Masquerade, Masquerade  
I gotta know the girl behind the mask  
Let me in, where you been, don't pretend  
Dreamed that I had her alone  
Show your face to me, we could be everything  
It's a masquerade, a love parade  
So won't you stay  
And dance with me all through the night, I'll stay  
My masquerade, I need you baby  
So stay  
A masquerade, a love parade  
So won't you stay  
And dance with me all through the night, I'll stay  
My masquerade, I need you baby  
So stay with me tonight  
Masquerade, Masquerade, Masquerade, Masquerade  
Masquerade, Masquerade, Masquerade, Masquerade
