

# Backstreet Boys, Never Gone

The things we did, the things we said  
Keep comin' back to me and make me smile again  
You showed me how to face the truth  
Everything that's good in me I owe to you  
Though the distance that's between us  
Now may seem to be too far  
It will never separate us  
Deep inside, I know you are  
Never gone, never far  
In my heart is where you are  
Always close, every day  
Every step along the way  
Even though for now  
We've got to say goodbye  
I know you will be forever in my life  
Never gone  
No, no, no, no  
I walk along these empty streets  
There is not a second you're not here with me  
The love you gave, the grace you've shown  
Will always give me strength and be my cornerstone  
Somehow you found a way  
To see the best I have in me  
As long as time goes on  
I swear to you that you will be  
Never gone, never far  
In my heart is where you are  
Always close, every day  
Every step along the way  
Even though for now  
We've got to say goodbye  
I know you will be forever in my life  
Never gone from me  
If there's one thing I believe  
I will see you somewhere  
Down the road again  
Never gone, never far  
In my heart is where you are  
Always close, every day  
Every step along the way  
Even though for now  
We've got to say goodbye  
I know you will be forever in my life  
Never gone, never far  
In my heart is where you are  
Always close, every day  
Every step along the way  
Never gone, never far  
In my heart is where you are
