

# Backyard Babies, Bigger W/a Trigger

Backyard Babies  
Making Enemies Is Good  
Bigger W/a Trigger  
What were you thinkin'  
When you went down?  
It's kinda funny  
Since we always stuck around  
What were you doin'  
What went so bad?  
You and me together  
And everything we had

Run into a future  
Try not hiding from my past  
I'm looking for tomorrow  
And the next day just as fast

Only one  
Only lonely one

Paranoia mornings  
Nightmares in my bed  
Too hard to fuckin' cry  
So i'd rather sweat instead  
No zero numbers  
Just having fun  
No time for seconds  
I'm the only lonely one

Never pull the trigger  
Cause your finger's working best

Run into a future  
Try not hiding from my past  
I'm looking for tomorrow  
And the next day just as fast  
You want it all  
You do not want the rest

You think you're bigger  
With a trigger
