

# Backyard Babies, Diesel & Power

Come on little honey  
Let me show you why  
I've got this love for steaming wheels  
Come on inside tonight  
Let me drive you to the other side

My baby she'sss blue  
Like a new tattoo  
And she's makin' my rules tonight  
Come on I'll drive you to the church of love  
Where the priest is gasoline

Come on, baby, I'll show you  
Come on honey, I own you

Girl I'm drivin' on a highway of love  
She's got the diesel and the power  
Girl I'm drivin' on a highway of love  
She's got the diesel and the power

She's got the diesel and the power

Come on inside and I'll show you why  
I've got a one way ticket to the gates of hell  
And I am over you  
But if I woke up in a prison cell  
It wouldn't be so hard to tell  
'Cause eighteen wheels my love baby  
And I ain't fuckin' coming back

Girl I'm drivin' on a highway of love  
She's got the diesel and the power  
Girl I'm drivin' on a highway of love  
She's got the diesel and the power

Girl I'm drivin' on a highway of love  
She's got the diesel and the power  
Girl I'm drivin' on a highway of love  
She's got the diesel and the power

'Cause, baby, I'm drivin' on your highway of motherfuckin' love
