

# Backyard Babies, Fuck Off And Die

This time I think  
I'm gonna let it all out  
Open up the book  
And rip the bad pages out  
God I'm so sorry  
For the bad things  
I have done  
Satan don't you worry  
I still owe you one  
So leave now  
Cause I'm gonna stay  
I'm gonna stay  
For judgement day  
Fuck off and die  
You're the evil  
In my eye  
Fuck off and die  
Time to say goodbye  
I'm just about  
To get even with you  
But what else can I do  
When my nightmare  
Becomes true  
This time I know  
The bullet's  
Meant to be shot  
A peaceful way of war  
To let  
My sad bastards rot  
Hell  
I've been black n' blue  
Trying to paint it  
All white  
Heaven can you hear me?  
I'm up for the fight  
So leave now  
Cause I'm gonna stay  
I'm gonna stay  
For judgement day  
Fuck off and die  
You're the evil  
In my eye  
Fuck off and die  
Time to say goodbye  
I'm just about  
To get even with you  
But what else can I do  
When my nightmare  
Becomes true  
Last night I do regret  
I even got up  
Said  
To many things hard  
In evil to top  
Hate seems  
To mather to much  
When I'm down  
On the ground  
Love to be collected  
At the lost and found
