

# Backyard Babies, Love

(Borg)

Days go by with cigarettes  
And someone put a coin in a wishing well  
Lookin' at you makes me weak inside  
I can't stand seeing you with somebody else  
Someday when I'm in love  
Heaven can wait for me  
All I can see is your pretty face  
You lookin' like a cover of a magazine  
Why am I slave under the female sex  
I don't wanna waste my time again  
Someday I'm in love  
When I've been drinkin' a lot of wine  
I'm in love  
Feels like heaven can wait for me  
It can wait for me  
And you know why  
And I've tried everything to cure my soul  
Going down in hell with a bottle of you  
Nothing can change the way I feel for her  
The devil in the glass is telling me what to do  
Someday I'm in love  
When I've been drinkin' a lot of wine  
I'm in love  
Feels like heaven can wait for me  
It can wait  
Sticks and stones can't break my bones  
But you can always hurt me inside  
Come on and love me inside  
But I'm still waitin'  
Days go by with cigarettes  
And someone put a coin in a wishing well  
Why am I slave under the female sex  
I don't wanna waste my time again  
Maybe someday when I'm in love  
Heaven can wait for me  
I'm in love  
When I've been drinkin' a lot of wine  
I'm in love  
Feels like heaven can wait for me  
I'm in love  
Everything to kill my soul  
I'm in love  
But I don't wanna waste my time  
Days go by with cigarettes  
And someone put a coin in a wishing well
