

Backyard Babies, One Sound

One sound, one love!
Something you should think of
We press charge
you press find
Find out my piece of mind

I love this game
Don't need a headstart anymore
We shove, became,
the breakout, talkabout meteor
- So check your head!
We got no distance to the score, man

One sound one love!
Seismographic fucked up
It's state of art, my state of mind, just
lick my lips and grind

I love this game
Don't need a headstart anymore
We shove, became,
the breakout, talkabout meteor
- So check your head!
We got no distance to the score, man

Once you're in you can't get out
The infinite roundabout
- I dare you all

Gimme me one sound, one love
Gimme all it takes
Communication, keep the faith
Blood in vein love in wine
Bite my lip
- One Sound!

I love this game
Don't need a headstart anymore
We shove, became,
the breakout, talkabout meteor
I love this game
Don't need a headstart anymore
We shove, became

One sound, one love x2
