

Bad Boys Blue, A World Without You (Michelle)

The bright light of the boulevard
Is shining in your tender eyes
Your perfume is exciting me
It's still the same

Michelle

How I love when we love
And I love when you whisper
"Je t'aime"

Michelle

Mon amour, is it true
Do you feel the way I do?

A world without you

A world on my own

Without your love

My heart will turn to stone

A world without you

A day without light

Without your touch

I couldn't stand one night

Oh, Michelle

I know, there'll be no better heart

No better heart to hold on to

If you should ever let me down

I can't survive

Michelle

How I love when we love
And I love when you whisper
"Je t'aime"

Michelle

Mon amour, is it true

Do you feel the way I do?

A world without you

A world on my own

Without your love

My heart will turn to stone

A world without you

A day without light

Without your touch

I couldn't stand one night

Oh, Michelle

C'est toi

Et ce soir je te veux

Faire l'amour avec toi

Je t'aime

Je sais

Mon amour

Que tu es le seul pour moi

A world without you

A world on my own

Without your love

My heart will turn to stone

A world without you

A day without light

Without your touch

I couldn't stand one night

A world without you

A world without you

Oh Michelle
