

Bad Boys Blue, A World Without You Radio Edit

The bride eyes of the boulevards is shining in your tender eyes
Your perfume is exciting me
if's still the same.

Michelle
how I love when we love
and I love when you whisper:

je t'aime
Michelle
mon amour

is it true
do you feel the way I do?
A world without you
a world on my own
Without your love my heart will turn to stone.
A world without you
a day without light
Without your touch I couldn't stand one night. Oh
Michelle. -

I know there'll be no better heart
no better heart to hold on to
If you should ever let me down
I can't survive.

Michelle
