

Bad Brains, Re-Ignition

Re-ignition translation begin
Consolation reflection within
When our actions cause reaction what starts
a transmission of a love in one heart.
Re-ignition
Re-ignition
We love to make you overstand
that this gross sphere is not Jah land.
Apart-outside, who can escape.
Our destiny confirmed in fate.
Re-ignition cancellation can't win
No celesty ever resting begin
When grace melts inside your hand and my heart
Is the glory that much closer or apart.
Re-ignition
Re-ignition
We hope to make you overstand
that this gross sphere is not Jah land,
apart-outside who can escape
our destiny confirmed in fate.
Always and forever near or far.
Safe in your bosom here we are.
Pain does not mean feel no joy.
Re-ignition for girl and for boy.
Re-ignition [x4]
We love to make you overstand
that this gross sphere is not Jah land.
Apart-outside who can escape
Millennium confirmed in fate.
