

Bad Catholic Schoolgirls, Just Because You Know

AG = Awesome Gorgeous' lyrics

ST = Special T's lyrics

AG

you recognized me while i was walking down the street
you look the same as every fuckin wanker that i meet

ST

did i used to work with you, or did i know you from school
i can't quite place it but i don't fuckin care dude

just because you know me, doesn't mean we're friends
just cause you recognize me doesn't mean you know who i am
i see you on the street i wont fuckin shake your hand
just because you know me, doesn't mean we're friends

AG

we hung out and smoked a joint once, like last september?
i guess if i was really your friend i would've remembered

ST

i recognized your face and i really must confess
like every other time i've met you, i'm really not impressed

AG

it's already bad enough we have to share the same putrid air
but don't waste my time, because i don't fucking care

ST

where you go to school, where you work, who you fuck
i never liked you before and i still think you fuckin suck

- just because you know me, doesn't mean we're friends
- just cause i know your face doesn't mean i give a damn
- if it were up to me, your fuckin life would end
- just because you know me, doesn't mean we're friends

AG

bitch did i fucking ask for your life's story?
like the rest of the population you fucking bore me

ST

don't waste all my time trying to 'catch up'
i would've called you months ago if i really gave a fuck

AG

so i sold you some pot or i saw you at school or we danced at a show
or maybe i dated you for like a year, but you're not welcome in my home

ST

you don't know shit about me and you're not part of the crew
and i'm not interested cuz i'm better than you

- just because you know me, doesn't mean we're friends
- just cause you recognize me doesn't mean you know who i am
- i see you on the street i wont fuckin shake your hand
- just because you know me, doesn't mean we're friends

- just because you know me, doesn't mean we're friends
- just cause i know your face doesn't mean i give a damn
- if it were up to me, your fuckin life would end
- just because you know me, doesn't mean we're friends
