

Bad Catholic Schoolgirls, Squeal, Baby Seal

AG = Awesome Gorgeous' lyrics

ST = Special T's lyrics

AG:

Hey Seal, you like my club? It's made of solid oak
And I'm about to shove the fucker right down your throat
Coughin' up blood like a donation to charity
Your puny ass flippers, they don't fuckin scare me

ST:

Pulled my knife on a seal for givin me the eye
Sliced him up and made a hat from his bloody insides
Skinned his helpless carcass and made some new shoes
Then I spit on the corpse and said "Bitch, you lose."

both

Keep your eyes peeled for those motherfuckin seals
Cuz our job ain't finished yet, yo we keeps it real
Under my heel, or the wheel of an automobile
All I ever wanna hear is a baby seal squeal

ST:

This rap will make your mothafuckin flippers flap
We sendin' shockwaves hot enough to melt the polar caps

AG:

I ain't chillin' in the club, but I pack a fuckin bat
Homeboys, make some noise, make some seals go flat

ST:

And it goes like that..
I eat so much seal blubber I'm gettin fuckin fat

AG:

Bring your otter to the slaughter, cuz I'm sick like scat
Smack 'em up like stepdaughters, make their brains go splat

ST:

Now as much as we like to make you riot grrls furious
Killin baby seals is something we take serious

AG:

Bitches - I take pride in my work
Ever since I saw my mom in the center of a seal circle jerk

ST:

And so we make their brains squirt
Into the snow, grind em under our boots like dirt

AG:

Nobody rapes my mother but me, and sometimes Special T
I'ma turn all you cocksuckers into baby seal jerky

Both:

Keep your eyes peeled for those motherfuckin seals
Cuz our job ain't finished yet, yo we keeps it real
Under my heel, or the wheel of an automobile
All I ever wanna hear is a baby seal squeal

Keep your eyes peeled for those motherfuckin seals
Cuz our job ain't finished yet, yo we keeps it real
Fryin up seal burgers, for every meal
All I ever wanna hear is a baby seal squeal

Seal baby seal baby, baby seal
Baby baby seal baby seal seal seal
Seal baby baby seal baby baby seal
Seal seal baby baby seal baby seal
etc.

Keep your eyes peeled for those motherfuckin seals
Cuz our job ain't finished yet, yo we keeps it real
Scrapin' their guts off my windshield
All I ever wanna hear is a baby seal squeal

Keep your eyes peeled for those motherfuckin seals
Cuz our job ain't finished yet, yo we keeps it real
Under my heel, or the wheel of an automobile
All I ever wanna hear is a baby seal squeal
