

# Bad Catholic Schoolgirls, The Magic Touch

AG = Awesome Gorgeous' lyrics

ST = Special T's lyrics

chorus:

yo - we notorious  
ain't nobody got game like us  
mortal kombat, mario kart, tetris  
BCS got the magic touch  
x2□

AG:

i wake up every morning, shit shower and shave  
i go: Hotmail, MSN, StillePost, MySpace  
then i sit down and play some super nintendo  
i get a boner when i get three star cards in a row  
Chun-Li's panties made me cum but i'm fucked  
cuz i got my motherfucking A button stuck  
but either way, it doesn't matter i always win  
spread your asscheeks let me drop some quarters in  
i'm always on the top of the high score screen  
'cuz when it comes to nintendo yo - i got game

ST

special t is a power player too, you know?  
i'll kick your fucking ass when it comes to nintendo  
you can be yoshi and i can be mario  
while i ride your fucking ass like a chocobo  
you'll be holding Y button til your right thumb's sore  
but i'm kicking ass, and settin' high scores

Both:

for those who crush goombahs and those who kick koopas  
to those who hit hookah's with the koopa paratroopa

ST:

you think you got game? i'll do you like a ho  
i'll get the seven up, you bring the doritos

(chorus) x2

ST

y'all think you got a challenge fo' me?  
ho please, get ready to suck like kirby  
who you think got you past world eight-three?  
who you think found you the game genie  
NES, Joe & Mac, and Mario Three  
Pocky and Rocky  
and all the mothafuckin codes on the web, G

AG:

straight outta ferris  
another crazy set of fingers  
more controls i touch, the high score gets bigger  
i'm a super street fighter and you know this  
but your sticky controllers wont show this  
but i don't give a fuck i got infinite lives  
and not from a code but from my hand-eye  
coordination - of a nintendo tycoon  
sweatin' all the bitches in the harvest moon

(chorious)x2

AG:□

we both are the kings of the video games

ST:

or anybody else who's equally lame

AG:

wanna resolve things in a non-violent way?

ST:

just come back here and play video games

AG:

one day i was tryin' to fly, with a tanooki suit on  
when i caught a guy, droppin turtles with spikes  
turned in to a statue and let him pass  
bounced off his head and kicked his ass

ST

i dont give a fuck if it's dark or not  
i wont walk home until all lives are lost  
special t love nintendo long time  
on the couch with controllers and bongos, all night

AG

and when my girlfriend called, special t and i were at the final boss  
on our very last life and just one heart  
and we still never lost

ST:

so from now on we the 32 bit crew  
every single day we beat mario 2

AG:□

and i still fuckin rock the mortal kombat  
givin' props to the brunette crew

(chorus)
