

Bad Company, Burnin' Sky

The sky is burnin', I believe my soul's on fire
You are, I'm learnin' the key to my desire
Waiting for the van to arrive
The prisoners were lined up outside
Jumped a wall, hitched a ride
And now I'm here to say
I love you, baby, anyway, oh yeah, yeah
The sky is burnin', I believe my soul's on fire
You are, I'm learnin' the key to my desire
Ran across the country fields in all terrain
They had guns and dogs and everything
I swam a river tryin' to lose my trail
But they caught me, under the bridge, oh yeah, yeah
The sky is burnin', I believe my soul's on fire
You are, I'm learnin' the key to my desire, yeah
Oh yeah, oh yeah, yeah
Now the sky is burnin', I believe my soul's on fire
You are, I'm learnin' the key to my desire
The judge said, "This man's a danger to humanity
We're gonna lock him up and throw away the key"
Now, baby, your love has sent me to jail
But I'd rather die than see you with another man
See you with another man baby, oh yeah
Say it's burnin', burnin', burnin', burnin', burnin', burnin'
I'm workin' on the railroad yeah, every day yeah
But they can't keep me here
And I'm not gonna stay
I got to get outta this place
Oh I'll see my, baby
Say, it's burnin', oh yeah
Say it's burnin', burnin', burnin', burnin'
Say, it's burnin', yeah
Our souls on fire
My soul's on fire
