

# Bad Company, Downhill Ryder

I'm a downhill ryder  
Babe I ain't going down slow  
I'm a downhill ryder  
I get the urge that it's time to go  
Take my cue from my old guitar  
That I used to play  
Underneath the moon and the stars  
'Til the break of day  
I'm a free flying glider  
Got my head up in the clouds  
I'm a free flying glider  
I don't ever want to come down  
Take my cue from the moon and the stars  
That I used to play  
Underneath with my old guitar  
'Til the break of day, yeah  
All across the nation  
I can feel a vibration  
Let it in your mind  
Let it shine  
Oh oh hey  
Take my cue from the moon and the stars  
That I used to play  
Underneath with my old guitar  
'Til the break of day  
All across the nation  
I can feel the vibration  
Let it in your mind  
It's going to shine, yes it's going to shine  
Well I'm a downhill ryder  
I'm a down, down, down, down, downhill ryder  
Got the wind in my sails baby I'm a cool man  
Down, down, down, downhill ryder  
Down, down, down, down, down, down
