## Bad Company, Downhill Ryder

I'm a downhill ryder Babe I ain't going down slow I'm a downhill ryder I get the urge that it's time to go Take my cue from my old guitar That I used to play Underneath the moon and the stars 'Til the break of day I'm a free flying glider Got my head up in the clouds I'm a free flying glider I don't ever want to come down Take my cue from the moon and the stars That I used to play Underneath with my old guitar 'Til the break of day, yeah All across the nation I can feel a vibration Let it in your mind Let it shine Oh oh hey Take my cue from the moon and the stars That I used to play Underneath with my old guitar 'Til the break of day All across the nation I can feel the vibration Let it in your mind It's going to shine, yes it's going to shine Well I'm a downhill ryder I'm a down, down, down, downhill ryder Got the wind in my sails baby I'm a cool man Down, down, downhill ryder Down, down, down, down, down
