

# Bad English, Time Stood Still

The first time that I saw you  
You were dancin' on the beach  
Poetry in motion  
But you seemed so out of reach  
And the waves were breakin' 'round you  
In the California sunset, yea  
I made a wish to know you  
And touch your golden hair  
You turned around and looked at me  
And paradise was there  
Baby, I remember the way you took my hand  
Yesterday  
Time stood still  
As we walked into the night together  
The memory is locked in our hearts forever  
It seems just like yesterday  
Time stood still  
We found a little seaside bar  
High above the rocks  
You were drinking white wine  
And I was doing shots  
I wondered if you'd stay the night  
You just took my hand and led the way  
Time stood still  
As we made love through the night together  
The memory is locked in our hearts forever  
Time stood still  
Time stood still  
The memory is locked in our hearts forever  
Oh yea

I thought that I'd seen love before  
What you showed me, well that's something more  
Love found two strangers walkin' on the shore  
We threw our watches in the sea  
I looked at you, you looked at me  
And time stood still  
We made a fire on the beach that night  
And watched the seagulls circle in the mornin' light  
Maybe there are some things  
We're not meant to understand anyway  
Time stood still  
Love goes on forever  
The memory is burned in our hearts forever  
Oh yes  
Time stood still  
The moment's gone forever  
But I will love you till  
Time stands still in our hearts forever  
Oh yea  
Time stood still  
Time stood still  
Time stands still in our hearts forever  
Seems just like yesterday  
Time stood still  
Time stands still  
Time stood still  
Oh yea  
Time stood still  
Forever
