

# Bad Religion, Faith Alone

Heard a sermon from a creaky pulpit  
With no one in the nave  
I paid a visit to the synagogue  
And I left there feeling blame  
No one can tell me what to do  
No one had the capacity to answer me  
What the world needs now is some answers to our problems  
We can't buy more time 'cause our tender isn't valid  
If your soul needs love you can get consoled by pity  
But it looks as though faith alone won't sustain us no more  
Watched the scientists throw up their hands  
Conceding progress will resolve it all  
Saw the manufacturers of earth's debris  
Ignore another green peace call  
No one could tell me what to do  
No one had the ability to answer me  
What the world needs now is some accountability  
We can't buy more time 'cause time won't accept our money  
If your soul needs love you can always have my pity  
But it looks as though faith alone won't sustain us no more  
What the world needs now is some answers to our problems  
We can't buy more time 'cause our tender isn't valid  
What the world needs now is some accountability  
If your soul needs love you can get consoled by pity  
But faith alone won't sustain us anymore  
Faith alone won't sustain us anymore  
Faith alone won't sustain us anymore  
Faith alone won't sustain us anymore
