

# Bad Religion, I Love My Computer

All right, click me, click me  
All right, click me here  
All right, click me, click me here  
Click on me  
Click me, click me here  
I love my computer you make me feel alright  
Every wakin' hour and every lonely night  
I love my computer for all you give to me  
Predictable errors and no identity  
And it's never been quite so easy  
I've never been quite so happy  
All I need to do is click on you  
And we'll be joined in the most soul less way  
And we'll never ruin each other's day  
'Cuz when I'm through I just click and you just go away  
All right, click me, click me here  
All right, click me, click me here  
I love my computer, you're always in the mood  
I get so turned on when I turn on you  
I love my computer, you never ask for more  
You can be a princess or you can be my whore  
And it's never been quite so easy  
I've never been quite so happy  
All I need to do is click on you  
And we'll be joined in the most soul less way  
And we'll never ruin each other's day  
'Cuz when I'm through I just click and you just go away  
All right, click me, click me here  
You just go away  
The world outside's so big but it's safe in my domain  
'Cuz you're just a number and a title screen name  
All I need to do is click on you  
And we'll be together for eternity  
And no one's ever gonna take my love from me  
Cuz I've got security, her password and a key  
All right, click me, click me here  
Go away  
All right, click me, click me here  
Go away  
Click on me, click me, click me here  
Go away  
Click on me, all right, click me here  
Go away  
Click on me, click me, click me here  
Go away  
All right, click me, click me here  
Go away  
Click on me, all right  
Go away  
Go away  
Go away
