## Bad Religion, Let It Burn

Let your mind wander look beyond the shadows Focus on the skyline read the silhouettes Your deepest desires are a picture of tomorrow All your darkest fears are just a vestige of regret And it's woh ohh ohh

It seems like such a long way to go

As obstacles get bigger, prevailing winds blow stronger

And the fire continues to grow

Don't let shallow water limit your perception

Heed the new horizon muster to it fast

The moments of your yesterdays

Are in the wake behind you

You can't assess the future if you're living in the past

And it's woh ohh ohh ohh

It seems like such a long way to go

As obstacles get bigger, prevailing winds blow stronger

And the fire continues to grow

The fire continues to grow

Keep it strong

If you are committed to a life of understanding Then there's no agenda for vengeance in your life Sharpen all your senses face the opposition

You can overcome with fortitude and mental might

And it's woh ohh ohh

It seems like such a long way to go

As obstacles get bigger, prevailing winds blow stronger

And the fire continues to grow

The fire continues to grow, the fire continues to grow

In your soul so be bold, let it grow

Don't let it die

Let it burn
