

Badfinger, Constitution

Sing the blues any way I choose
If I wanted
I could bring you down, I could turn you around
If I wanted
It is not my constitution
It's not my way of life
You know I'm just a lover for my wife
I could join a race, I could paint my face
If I wanted
Could be a queen but it's not my scene
Can't hide it
But it's not my constitution
It's not my way of life
You know I'm just a lover for my wife
Could sing the blues any way I choose
If I wanted
Could bring you down, I could turn you around
If I wanted
But it's not my constitution
It's not my way of life
You know I'm just a lover for my life
