

Badfinger, I'd Die Babe

You give me loving like crazy
You make my daisies grow high
You treat me good so I'm lazy
You make me feel so alive
You get me feeling I'm okay
And I got nothing to hide
And if you leave me awhile babe
You know I'd die, babe, babe, I'd die
I tell you I love you
I'll tell you no lies
I tell you I need you
And I want you by my side
Used to be cold and lonely
You came along with your smile
And if you leave now I'll cry babe
You know I'd die babe, babe, I'd die
I tell you I love you
I'll tell you no lies
I tell you I need you
And I want you by my side
Used to be cold and lonely
You came along with your smile
And if you leave now I'll cry babe
No, I'd die babe, babe, I'd die
