

# Badfinger, Icicles

Isn't it nice when the rain comes falling  
Turns into icicles, melting, mourning  
Isn't it good when a friend comes calling 'round?

Isn't it good when you need somebody  
People will help you not be lonely  
Then you find someone who loves ya, only you

CHORUS:  
But never take a love for granted  
Give a little in return  
Try to be understanding, live and learn

Isn't it good when the sun comes shining  
Giving us warmth, see the children smiling  
Just the reflections of love around their heart

Oh-o-o, just a start

[duel guitar solo [Pete Ham & Joey Molland]]

CHORUS

REPEAT VERSE 3

Oh-o-o, just a start  
Just a start, just a start.
