

Badfinger, Love Me Do

Honey, don't you know I love you?
'Cause I give you all I can, I do
Everything I've tried to help you
Love me too
Give a little of what you take from me, honey
That's all you have to do
Won't you come on over here and love me?
Love me do
Love, love, love me
Love me do
Love, love, love me
Love me do, yeah
Honey, don't you think I need ya?
Indeed I do
Won't you come on over here and love me
Love me too
Give a little of what you take from me, honey
That's all you have to do
Won't you come on over here and love me?
Love me do
Love, love, love me
Love me do, oh yeah
Love, love, love me
Love me do, oh yeah
Honey, don't you think I love ya?
'Cause I give you all I can, I do
I tried everything I could to help you
Love me too
Ooh, now, love, love, love me
Love me do
Well, love, love, love me
Love me do
Love, love, love me
Love me do
Love, love, love me
Love me do, oh yes
Come on, love, love, love me
Love me do, won't you, lover?
Well, love, love, love me
Love me do
Oh yeah, oh yeah, oh yeah
