Honey, don't you know I love you? 'Cause I give you all I can, I do Everything I've tried to help you Love me too

Give a little of what you take from me, honey

That's all you have to do

Won't you come on over here and love me?

Love me do

Love, love, love me

Love me do

Love, love, love me

Love me do, yeah

Honey, don't you think I need ya?

Indeed I do

Won't you come on over here and love me

Give a little of what you take from me, honey
