

# Badfinger, Love Time

Every day I look into your eyes  
I see a love that's there  
See myself and stare  
Loving you so many different ways  
A kind of harmony  
Another part of me  
Makes it harder now  
If it's easy to believe it  
It's hard to realize  
As easy to believe it  
As the love that's in your eyes

Well, if it's easy to believe it  
It's hard to realize  
As easy to believe it  
As the love that's in your eyes  
Found amongst the laughter and the tears  
Love I had inside  
Love I used to hide  
Makes it harder now  
Harder now
