

Badfinger, Matted Spam

I feel a change comin' on
A frame of mind that's held me down for too long
Tried to imprison my soul
Locked me outside of my own Rock 'N' Roll

Can you feel it?
Oh yeah
Can you feel the change?
It's coming
Feel it, oh yeah
Feel the change, it's coming my way, yeah

I see a light from a night
A distant star, but it's shining so bright
Guiding me out of myself
This new found love has got me under its spell

Can you see it?
Oh yeah
Can you see the light?
It's coming
Can you see it?
Oh yeah
Can you see the light?
It's coming today

For years and years, I've waited so long
I almost lost control
The days and nights all seemed to be wrong
Without you, little Miss Rock 'N' Roll

You know I tell you no lie
My little lady lift me up to the sky
She put the stomp on my blues
She blow the dust off my old blue suede shoes

Feel it, oh yeah
Can you feel the change?
It's coming
Can you feel it?
Yeah
Can you feel the change?
It's coming my way, yeah

[sax solo]

VERSE 1

Can you feel it?
Oh yeah
Can you feel the change?
It's coming
Can you feel it?
Yeah
Can you feel the change?
It's coming today

Can you feel it?
Can you feel it?
Can you feel it?
Can't feel it

Can you feel the light?
Can you see the light?

Can you see the light?
Can you see the light?
