

Badlands, 3 Day Funk

Three day funk
Remember the times, sunshine in our eyes
We were caught up in the summer shade
Those were the days, like a gentle sleeping baby
We would watch the ocean wash the sun away

Livin' free was so easy, honey, honey
Those sunny days can never fade away
'Round and 'round and 'round time passes by so fast
Hey, hey, hey

The memory's all I know
And they're long gone for me
Her memory's holding on
But they're long gone for me

Sippin' my wine under the moonshine blanket
With my baby rollin' under the stars
Terrible lies we would tell one another, oh yeah
Hey, hey, hey

Livin' free was so easy, honey, honey
Those sunny days can never fade away
'Round and 'round and 'round time passes by so fast
Hey, hey, hey

The memory's all I know
And they're long gone for me
Her memory's holding on
And they're long gone for me, yeah

(Solo)

The memory's all I know
And they're long gone for me
Her memory's holding on
But they're long gone for me

The memory's all I know
And they're long gone for me
Her memory's holding on
But they're long gone for me
Yeah, yeah (all they're long gone)

Hoo, Hoo, Hoo, Hoo

Livin' free, livin' free, livin free my baby, now alright
I need a woman
Woman, oh woman, oh woman, oh woman
Aaaahh, haaaa
