

# Badlands, Love Don't Mean A Thing

Oh, f\*\*k me

When evening calls  
And the black night's down on me

You give your love  
For which I take

Blinded by the time I know  
This lonely old boy's spinnin' 'round  
Time don't wait for me no more  
Love don't mean a thing without you girl, yeah

This love I know, yeah  
She's tearin' me down inside  
This babe I know, I know, I know  
And don't make no mistake

Blinded by the time I know  
This lonely old boy's spinnin' 'round  
Time don't wait for me no more

Love don't mean a thing without you girl, yeah

My touch is in your eyes  
Your fire burns inside me  
Your healing hands can turn me around  
Gonna turn I know

(Solo)

My touch is in your eyes  
Your fire burns inside me  
Your healing hands can turn me around  
Gonna turn I know

Love don't mean a thing without you girl  
Love don't mean a thing without ya by my side  
Love don't mean a thing without you girl, yeah

Love don't mean a thing without you, yeah  
Hey, hey, hey, hey, ooh  
Alright!
