Badlees, The, Angels of Mercy

Badlees, The
River Songs
Angels of Mercy
CHORUS
(alexander/badlees)
There must be angels of mercy

Lookin' down on me
(chorus)
'Cause when I lok up to the sky
There must be angels of mercy
I swear I see
Lookin' down on me
Angels of mercy lookin' down on me
'cause when i look up to the sky

I swear i see
Well, I know what I know
Angels of mercy lookin' down on me
And you know what you know too

And I know that you know
Well, i know what i know
Exactly what I think of you
And you know what you know too
And if I were you and you were me
And i know that you know
I wouldn't blame you for not liking me
Exactly what i think of you
Even though we aren't enemies
And if i were you and you were me

I wouldn't blame you for not liking me
CHORUS
Even though we aren't enemies

Time can have a way of changin'
(chorus)
Everything you think is right

And time can have a way takin'
Time can have a way of changin'
Everything you hold too tight
Everything you think is right
So you search for explanations
And time can have a way of takin'
And you find some now and then
Everything you hold too tight
While the angels
So you search for explanations
They're gettin' impatient
And you find some now and then
With your experiments
While the angels

They're gettin' impatient
CHORUS
With your experiments

I believe there's a power of healing
(chorus)
That comes with experience

I believe in believing you feelings
I believe there's a power of healing
Even when they make no sense
That comes with experience
But I believe that the way I'm going
I believe in believing your feelings
I'm gonna end up too soon dead
Even when they make no sense
Well, when asked to give my reasons
But i believe that the way i'm going
This is what I said
I'm gonna end up too soon dead

Well, when asked to give my reasons
I might have used my education
This is what i said
If I gave a shit

I night have spoke for my generation
I might have used my education
If I agreed with it
If i gave a shit
Now some say that I've gone crazy
I might have spoke for my generation
But I ain't gone nowhere
If i agreed with it
Some say I'm apathetic, man
Now some say that i've gone crazy
But I don't care
But i ain't gone nowhere
I admit that I'm a loser
Some say i'm apathetic man,
I admit that I am scum
But i don't care
I admit I like cheap beer and women

As much as anyone
I admit that i'm a loser
I don't worry about the future
I admit that i am scum
Who knows what that will bring
I admit i like cheap beer and women
I just wait to see what happens
As much as anyone
And I pretend I planned the whole thing
I don't worry about the future
So let's see what tomorrow brings
Who knows what that will bring

I just wait and see what happens
CHORUS 2X
And pretend i planned the whole thing
So let's see what tomorrow brings

(chorus 2x)
