

# Badlees, The, She's The Woman

Badlees, The  
The Unfortunate Result Of Spare Time  
She's The Woman  
She's the woman i chose to own me  
She's the woman i gave the reigns  
She picks me up when i'm feelin' lonely  
She pays the bills, i can't complain

She's the woman who understands  
She's the woman who loves her man

She's the woman who stayed in college  
She's the woman got an mba  
She's using all her higher knowledge  
She got me where i am today

She's the woman who understands  
She's the woman who loves her man

She's the woman i've been looking for  
She wakes me up and helps me off the floor

She's the woman who does the drivin'  
She takes me there, then she gets me home  
I don't have to be out there buyin'  
She sits with me while i drink alone

She's the woman who understands  
She's the woman who loves her man
