

Badly Drawn Boy, Distant Town

Badly Drawn Boy

Miscellaneous

Distant Town

Distant love you left for distant town

Only need to whisper please don't shout

Plant the seed let seed of love grow

Floating down the stream against the flow

Fate please show me to the edge of town

Don't blast me to the moon I'll still come down

Distant love I don't know where to start

Shadowed by the blister on your heart

All I need is perfect timing

To dodge these tumbleweeds around me

Listen to my senseless rhyming

Your scent is all I need

It makes me sneeze

This is how you find me

Just listen when I sneeze

Your scent is all I need

I'll catch it on the breeze

Just listen when I sneeze

Your scent is all I need

This is how you find me

It think we're getting close

I see the flies around you
