

# Badly Drawn Boy, Holy Grail

Do you know where we're going to?  
Do you know what we will do when we arrive?  
As I wait for you to set sail.  
Don't you know that I hope you find your holy grail.  
Suffered in silence so long.  
Don't you know it's easy to see where you went wrong.  
You forgot you've got oxygen running through your veins.  
Suffered in silence so long.  
Can't you see it's easy to know where you went wrong.  
You forgot you've got oxygen running through your veins.  
Do you know where we're going to?  
Do you know what we will do when we arrive?  
As I wait for you to set sail.  
Don't you know that I hope you find your Holy Grail.
