

Bag Raiders, Shooting Stars

It's late and I'm awake
Staring at the wall
Open up my window
My head floats out the door

No one else around
The shimmer takes my eye
I lift my head
I'm blinded by the sky

Feel my weight in front
Following the sound
It moves away so fast
I fall down to the ground

I know there's more to come
Jump back to my feet
And I only see ahead of me
Chasing down the street
(down the street, down the street, down the ...)

Came out to a shooting star
But she moves so fast
That I can't keep up, I'm chasing
I'm in love with a shooting star
But she moves so fast
When she falls then I'll be waiting

Came out to a shooting star
But she moves so fast
That I can't keep up, I'm chasing
I'm in love with a shooting star
But she moves so fast
When she falls then I'll be waiting
